Important disclaimers

Program structure

MightyWELL facilitates access to a coordinated bundle of healthcare programs supporting routine care, preventive services, prescriptions, and major-event protection. Except for Concierge support, programs are administered by independent third parties.

Health sharing is not insurance

Members are responsible for their selected Unshared Amount and any ineligible expenses.

Pre-existing conditions

Pre-existing condition limitations apply only to the health sharing portion and may involve a phased sharing schedule during the initial eligibility period. They do not apply to routine care, preventive care, or copay-based services.
